SUMMARY

I am passionate about web development with a focus on frontend technologies. I have experience building responsive and dynamic web applications using HTML, CSS, JavaScript and ReactJS. I enjoy creating user-friendly interfaces and ensuring a seamless user experience across different devices. My goal is to continually grow and contribute to innovative projects that make an impact.

PROJECTS

Portfolio Website

- Developed a personal portfolio website using ReactJS and Vite to showcase skills, projects, and experience.
- Implemented responsive design with HTML5, CSS3, and JavaScript, ensuring compatibility across devices.
- Optimized the website's performance by leveraging Vite's fast build tools, improving load times by 30%.
- Utilized Git and GitHub for version control, regularly pushing and managing code.
- Deployed the website using Vercel, ensuring continuous deployment with every new commit.

Coffee Club

- Developed the Coffee Club website using ReactJS and Vite to allow users to explore various types of coffee beans from around the world.
 - Designed and implemented a dynamic product listing page with React, featuring filter and search functionalities for users to easily find specific coffee beans based on flavor profiles, roast levels, and origin.
 - Used React Hooks to efficiently manage the state of the product listings, filters, and user interactions, ensuring a smooth browsing experience.
 - Created responsive, grid-based layouts using CSS3 (Grid, Flexbox), ensuring the website's accessibility across devices, including desktops, tablets, and mobile phones.
-

TECHNICAL SKILLS

- Frontend:** ReactJS, HTML, CSS, JavaScript, TailwindCSS
 - Version Control:** Git, GitHub
 - Tools:** Vite, Redux, npm, VS Code, Vercel, Netlify
 - Basic Backend:** Node.js (Basic), REST APIs
 - Other:** SQL, Cloud Computing (Basics)
-

EDUCATION

CMS College of Science and Commerce, Coimbatore
Bachelor in Computer Application
